FREMONT :: OHIO

**SPRING
1953**

**Growers of a Complete Line of Fruit
and Ornamental Trees, Shrubs,
Roses, Vines and Perennial
Plants**

By the latest ruling of the Tax Commission of Ohio all trees and plants that produce food are exempt from the Ohio sales tax. All other stock is subject to the 3% tax and should be added to the amount of all orders from the State of Ohio.

Season of 1953

These prices are for good, strong, substantial trees, shrubs, or plants with a good root system and true to name. It is not the light grade, poorly rooted, unreliable stock so much used in mail order and department store trade which is expensive at any price.

In order to be fair to the small purchaser as well as the large we give a single, ten and 100 rate. Five trees or plants of the same variety and size will be furnished at the 10 rate 25 will be furnished at the 100 rate. Less than 5 plants of one variety and size must be figured at the single rate, 25 of the same variety and size, or 50 of the same class as peach, apple, etc. will be furnished at the 100 rate, 250 at the thousand rates if quoted.

TERMS—Cash or satisfactory reference.

PARCEL POST—Most small parcels can be sent by mail cheaper than by express. Postage charges must be paid by the purchaser. Unless postage is included with order it will be sent by Express.

By a late ruling, effective April 1st, 1953, all parcels that are too long or too large to go inside a mail sack must pay 20c for each parcel in addition to all other charges. This would include all parcels of trees or plants that exceed about 3 ft. when packed.

SHIPPING DIRECTIONS — Always give full name and address and state how the shipment is to be sent. All small packages should be sent by express or mail

LARGE ORDERS—Special quotations will always be made on large orders.

COMPLAINTS—All complaints for shortage or damages to stock must be made to us immediately on receipt of goods and no complaint will be considered unless made within 10 days of receipt of stock.

VISITORS—Are always welcome at the nursey.

Please note that the 10 rate does not apply unless the order calls for not less than 5 of the same variety and size. It does not apply to 10 plants made up of one or two of a variety.

PEACHES

	Each	Per 10
XX Grade, 11-16 in., 5-7 ft.	\$1.00	\$ 9.00
First Class, 9-16 in., 4-5 ft.85	8.00
First Class, 7-16 in., 3-4 ft.75	7.00

VARIETIES

Admiral Dewey	Hale-Haven	Red Haven
Belle of Ga.	Improved Hale	Rochester
Cumberland	J. H. Hale	Salberta
Champion	Kalhaven	Sh. Late Red
Early Crawford	Late Crawford	South Haven
Elberta	Lemon Free	Sunglow
Fairhaven	Mayflower	Wilma
Golden Jubilee	Oriole	Zarn

IMPROVED HALE — Similar to J. H. Hale, ripening at the same season, but a much stronger growing tree, more hardy and a far better bearer as it is self pollinizing.

ZARN—One of our own introductions. Many large growers consider this the very best variety they have in their orchard. As large as Elberta, and better colored and far better quality. Bears evenly on the tree and does not overbear. Holds up well after picking. Ripens about a week ahead of Elberta.

SOUR CHERRIES

	Each	Per 10
XX Grade, 11-16 in., 4-6 ft.	\$1.50	14.00
First Class, 9-16 in., 4-5 ft.	1.25	12.00

VARIETIES—Brassington. Large Montmorency.

Montmorency.
BRASSINGTON—A sub acid variety, between a sweet and a sour. We consider it the very best variety for home use or roadside stand. People who buy it once always come back for more. Tree very hardy and a splendid stocky grower with foliage almost impervious to fungus diseases. Seldom fails to produce a crop.

SWEET CHERRIES

Most All On Mazzard Root.

	Each	Per 10
XX Grade, 11-16 in., 5-6 ft.	\$1.75	\$16.50
First Class, 9-16 in., 4-5 ft.	1.50	14.00
First Class, 1 yr. strong on Mazzard	1.75	16.50

VARIETIES

✓ Bing	✓ Lambert
✓ Black Tartarian	✓ Schmidts Biggarreau
✓ Black Russian	✓ Windsor
✓ Napoleon	

Black Russian is an extra hardy variety brought from Hungary many years ago. Good size and a good bearer. It has produced a good crop of cherries when all other varieties failed on several occasions.

Sweet Cherry, grown on Mazzard root are far superior to those grown on the ordinary root. They transplant better, last longer and produce better.

EVERGREENS

Specimen Trees, with roots Balled and Burlapped.

We cannot pack evergreens with roots balled and burlapped with earth for shipment by freight or express. It is too risky, heavy and expensive.

If desired we can ship them with bare roots packed in damp material successfully.
